

AFFILIATE PROGRAM – CREATING YOUR DIGITAL ESTATE PLAN

What if you died suddenly or became incapacitated? Would your family or Executor know what intangible online and “invisible” web-based accounts you have? Would the appropriate people know the passwords? Did you know your accounts may be at risk of identity theft or other internet mischief makers *even after you die*? We all have digital assets and an “information afterlife” -- social media accounts, passwords, automated deposits and payments, websites, photos, merchant accounts, and much more that ‘live’ on after we die.

Squall Press has published *Creating Your Digital Estate Plan*, an authoritative and comprehensive ebook authored by the acclaimed professional organizer, Judith Kolberg. *Creating Your Digital Estate Plan* is a step-by-step guide to organize and protect digital assets and information. It is selling very well. The market is enormous. **You can profit from this outstanding product by becoming an Affiliate.** It’s an \$8.00 product (affordable for anyone!) and you receive **\$5.00 ON EACH AND EVERY SALE!**

It’s easy. You create a simple Affiliate account and put the Affiliate link on your website along with a description and product graphic that we provide to you *absolutely free*. Then, every time someone buys *Creating Your Digital Estate Plan* from your website, BOOM! You earn money. Twice a year you get an automated report *and a check*.

There's no other product quite like *Creating Your Digital Estate Plan*. It is **totally customizable, and;**

- Provides for the safe transference of passwords, user codes and other log-in information to an Executor or other authorized representative.
- Creates a “paper trail” for online or web-based accounts that have no statements or paper documentation.
- Records digital assets that might be overlooked by an estate.
- Prevents unauthorized access to social media accounts.
- Centralizes all your digital information in one place.

Think of the all the people who could benefit from **Creating Your Digital Estate Plan**. **Spread the word! And make a bit of bucks while provided valuable information to:**

- Prudent baby boomers who understand the Digital Age poses special challenges for planning their estates.
- Adult children of senior citizens who want to be well-informed about comprehensive estate planning for their parents.
- Members of the financial and legal community responsible for the estate planning of others.
- Digital natives and millennials with assets, accounts, and information stored in the cloud.
